

Instructions for submitting Purchase Order invoices

Invoices may be submitted either by either email or PO flip

Email:

Send PO invoices via email: POINV@upenn.edu

- Must send in PDF format: one file per invoice, number of files per email is unlimited
- PO number must be included on the invoice, not in the body of email or subject
- **DO NOT** send other attachment formats with the invoices such as excel spreadsheets. This will cause the email/invoice to be rejected.
- **DO NOT send inquiries to this email box, this email address is not monitored. Supplier or payee inquiries should be sent via the [Supplier/Payee Submission Form](#).**

PO Flip:

Note: You must be registered in the Penn Marketplace to use PO Flips. Suppliers who register can log in and use the PO Flip functionality to submit an invoice corresponding to the PO. PO Flips allow suppliers to select their specific PO, then turn that PO into an invoice. The invoice will reflect the same information as on the PO and may be adjusted by the supplier before it is submitted. This functionality eliminates the need for the supplier to create an invoice and email it to AP to be manually keyed in and paid.

The timing of payments made to suppliers is based on when an invoice is received and entered in Accounts Payable. Once received by AP, the turnaround time for invoice-processing is between 3 and 5 business days. All invoices must have a valid PO number to get paid. Payment terms are dependent on selected payment methods.

Any questions concerning the status of the invoice or the payment should be addressed solely to Accounts Payable using the [supplier/payee submission form](#) and not the Wharton Undergraduate Finance Office.

Using the Supplier Portal – PO to Invoice Flip

1. Log in through the [Penn Supplier Portal](#) using the email address that was registered with your account.
2. After your account has been confirmed, enter your **password** and click the **Login** button. If you forgot your password, click **“Trouble Logging In”** for help resetting your password.
3. Click the **Home** Icon and look for the **Penn Marketplace Logo** in the upper right corner to ensure you are in the Penn Supplier Portal.

Enter the **Penn PO #** in the PO Number field and your company **invoice #** and then click the **Create** button.

Home Customer Portal Home

Welcome to the Penn Marketplace Supplier Portal!!

Supplier Registration is required for new suppliers and a prerequisite for doing business with the University of Pennsylvania, but should not be interpreted as a method of becoming a preferred supplier.

Suppliers that were previously registered with the University but could be inactive in our system due to lack of use (supplier information is ended in our system if the supplier has not been used within 18 months) will need to register again and provide updated information.

Registered Penn suppliers and payees may access the secure portal at any time to maintain payment information, update contact, insurance and tax information. Companies/Individuals may use the portal to access and review purchase orders, generate and submit electronic invoices and check on payment status.

When viewing your invoices in the portal, you will see a status next to each of them. Below is an explanation of each of the statuses you might see:

- In Process** - The invoice has not been processed, but has been created.
- Payable** - The invoice has been processed and marked as Payable (OK to pay)
- Paid** - the invoice has been processed and marked as paid.
- Canceled** - the invoice was canceled.

Suppliers can either submit their invoices via the portal or can email them to poinv@upenn.edu with the following provisions:

- Include the PO number on each invoice
- Provide one (pdf only) file per invoice (# of files per email is unlimited)
- All PO invoices to Penn will be sent via email only

For registration questions, please contact Procurement Services Operations Center at SupplierSupport@upenn.edu.
